Pet Partner Evaluations

Larimer Animal-People Partnership

Following are some points that will help you to pass your evaluation. If there are any [questions you may contact Francie at \(970\) 213-4815 or fmp1@comcast.net](mailto:fmp1@comcast.net)

Remember that you are being evaluated as a **TEAM** with your Pet-Partner.

If you are Renewing:: You might want to go back and review your book as to what is being tested. If you are used to visiting in just one kind of situation it is common to forget what other skills/situations are actually being covered in the evaluation. ***and check the Pet Partner website for any changes that may have been implemented since your last evaluation. (There have been many updates in 2015 & 2016)

If this is your first time evaluating:: You might want to also review your book and the sample evaluations. It is also now required that you bring your Workshop Completion certificate .

Most important is to relax and communicate with your pet-partner.

***** **Things to bring with you:** (required before you can be evaluated) *****

1. Registration and Indemnity Form (if you have not mailed this to me already)
2. Workshop completion certificate (If this is your first time being evaluated) Current PP badge if renewing.
3. Handler Questioner. (found in your book or renewal packet) This must be gone over by your evaluator.
4. Rabies certificate (tags do not count) Check now for this in case you have to get a copy from your vet.
5. Bring a brush for your pet that is appropriate for visits (no wire bristles)
6. Bring a treat for your pet.
7. Check your manual or Pet Partner website for appropriate collars and leashes.

Things to remember:

1. Dress appropriately for a real life visit. (this is something you are scored on)
2. Your evaluation begins the moment you park your car. Be aware of your and your pets behavior/actions.
3. Arrive a few minutes early so that you may check in and potty your dog.
4. You are being evaluated as a **TEAM**. This means you help your partner out, we are not just standing back and seeing how your partner handles things on his/her own.
5. Relax
